HATHAWAY-SYCAMORES CHILD AND FAMILY SERVICES GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a review of Hathaway-Sycamores Child and Family Services Group Home (the Group Home) in March 2014. The Group Home has a site located in the Fifth Supervisorial District and provides services to DCFS and Probation foster youth. According to the Group Home's program statement, its stated purpose is "Cultivating hope and resilience to enrich the well-being of children, adults, families and communities."

The Group Home maintains a 48-bed site licensed to serve a capacity of 48 male youth, ages 6 through 18. At the time of review, the Group Home served 12 DCFS and 6 Probation youth. The placed youth's overall average length of placement was 5 months, and their average age was 15.

SUMMARY

During CAD's review, the interviewed children generally reported: feeling safe at the Group Home; having been provided with good care and appropriate services; being comfortable in their environment and being treated with respect and dignity.

The Group Home was in full compliance with 6 of 10 areas of our Contract Compliance Review: Educational and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; and Discharged Children.

Deficiencies were noted in the following areas: Licensure/Contract Requirements section, related to the Group Home not maintaining accurate clothing allowance logs; Facility and Environment, related to expired food products; Maintenance of Required Documentation and Service Delivery,

"To Enrich Lives Through Effective and Caring Service"

related to the Group Home not obtaining the County Children's Social Worker's (CSW's) authorization to implement the Needs and Services Plan (NSP), not maintaining documentation of contacts with the CSW, and not developing timely initial and updated NSPs; and Personnel Records, related to the Group Home not meeting all training requirements.

REVIEW OF REPORT

On May 21, 2014, DCFS CAD Children's Services Administrator Is Maria Rosas and Chinelo Maduiké and Children's Services Administrator II Amy Kim held an Exit Conference with the Group Home representatives, Joe Ford, Vice President; Tasian Taylor, Program Manager; Mia Williams, Director of Residential Based Services; Nick Ryan, Assistant Vice President; Julie Flores, Clinical Supervisor; Kemeelah Wilkerson, Quality Management; and Debra McConnel of Workability. The Group Home representatives agreed with the review findings and recommendations; and were receptive to implementing systemic changes to improve compliance with regulation standards; and to addressing the noted deficiencies.

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report. CAD verified implementation of the recommendations on September 16, 2014, and will verify continued compliance during the next monitoring review. The Out-of-Home Care Management Division will provide on-going technical assistance prior to the next contract compliance review.

CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2013-2014**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. This compliance report addresses findings noted during the March 2014 review. The purpose of this monitoring review was to assess Hathaway-Sycamores Child and Family Services Group Home’s (the Group Home’s) compliance with its County contract and State regulations and included a review of the Group Home’s program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, one Probation and four Department of Children and Family Services (DCFS) children were selected for the sample. The Contracts Administration Division (CAD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three discharged children’s files were also reviewed to assess the Group Home’s compliance with permanency efforts. At the time of the review, four of the sampled children were prescribed psychotropic medication. Their case files were reviewed to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

CAD reviewed 41 staff files for compliance with Title 22 Regulations and County contract requirements, and conducted a site visit to assess the quality care and supervision provided.

CONTRACTUAL COMPLIANCE

CAD found the following areas to be out of compliance.

Licensure/Contract Requirements

- Clothing allowance logs were not maintained.

The clothing allowance logs were written in pencil and balance amounts were incorrect for all five sample files reviewed. The log showed inaccurate balances resulting from either missed monthly allowances or miscalculations. The Clothing allowance logs were adjusted by agency staff to reflect the correct balances due to the five affected children. Staff also agreed to have future log entries and signatures written in pen and to require children that agree to roll-over their clothing

allowance balances to future months to sign the log that states this information.

Recommendation

The Group Home's management shall ensure that:

1. Comprehensive clothing allowance logs are maintained.

Facility and Environment

- Adequate perishable and non-perishable foods were not maintained.

Expired canned goods and milk cartons were located in the refrigerator and cabinets of the cafeteria and/or Rowland Cottage. However, during the review, Group Home staff removed all the expired food items that were discovered.

Recommendation

The Group Home's management shall ensure that:

2. Adequate perishable and non-perishable foods are maintained.

Maintenance of Required Documentation and Service Delivery

- County Children Social Worker's (CSW) authorization to implement Needs and Services Plans (NSPs) was not obtained.

One NSP was missing the CSW's signature authorizing implementation and a review of the file failed to reveal evidence of efforts made to secure the CSW's authorization.

- County CSW monthly contacts were not documented.

One NSP reviewed did not contain documentation of the Group Home social worker's contacts with the CSW on a monthly basis.

- Development of timely, comprehensive initial NSPs with child's participation was not conducted.

One initial NSP reviewed was not developed timely with participation of the age-appropriate child; the child's signature was late.

- Development of timely, comprehensive updated NSPs with child's participation was not conducted.

One updated NSP was not developed timely with participation of the age-appropriate child as evidenced by the child's missing signature.

Recommendation

The Group Home's management shall ensure that:

3. County CSW's authorization to implement the NSP is obtained.
4. CSW's monthly contacts are documented.
5. Timely and comprehensive initial NSPs with the child's participation are developed.
6. Timely and comprehensive updated NSPs with the child's participation are developed.

Personnel Records

- All required training was not conducted.

One employee was not Pro-Act certified as required for his direct-care position; five employees failed to renew their expired CPR/First Aid training certificates timely; and four employees did not receive the minimum annual on-going training requirement of 20 hours.

Recommendation

The Group Home's management shall ensure that:

7. All required training is provided.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The last compliance report dated August 15, 2013, identified 4 recommendations.

Results

Based on OHCMD's follow-up, the Group Home fully implemented 2 of the 4 recommendations for which they were to ensure that:

- The Group Home is in compliance with Title 22 Regulations.
- All children are treated with respect and dignity at all times.

Based on OHCMD's follow-up, the Group Home did not fully implement 2 previous recommendations for which they were to ensure that:

- The Group Home staff obtains or documents efforts to timely obtain the DCFS CSW's authorization to implement the NSPs.
- Comprehensive updated NSPs are developed and address all needs and services elements

in accordance with the NSP template.

Recommendation

8. The outstanding recommendations from the 2012-2013 monitoring report dated August 15, 2013, which are noted in this report as Recommendations 3 and 6 are fully implemented.

During the Exit Conference held on May 21, 2014, the Group Home's Vice President expressed a desire to remain in compliance with Title 22 Regulations and Contract requirements. CAD verified full compliance with the recommendations on September 16, 2014. Out-of-Home Care Management Division will provide ongoing technical assistance and CAD will verify continued implementation of the recommendations during our next monitoring review.
